

FREE FOR PROFESSIONALS

We offer Sing and Speak 4 Kids free to clinicians, teachers, paraprofessionals, and others looking to use our program with their clients! You may access our game resources at no charge to you as the professional, however no assessment tools or child progress tracking will be available until your client is registered in SS4Kids as a member.

To abide by HIPAA and FERPA requirements, the child's parent must first consent via our game to share data tracking with you as a professional before you may track child's progress. Steps to obtain parents' permission and to track child's progress are on the reverse side of this paper.
